

# World Vision Academy

## AP Biology Course

### The Big Ideas and AP Biology Course Outline:

- Big Idea 1: The process of evolution drives the diversity and unity of life.
- Big Idea 2: Biological systems use energy and molecular building blocks to grow, reproduce, and maintain dynamic homeostasis.
- Big Idea 3: Living systems store, retrieve, transmit, and respond to information essential to life processes.
- Big Idea 4: Biological systems interact, and these systems and their interactions exhibit complex properties.
